RE: MSE Wall Installation Los Patrones Parkway

Shelley,

I wanted to write this letter of appreciation for the outstanding work your team did building the Keystone walls at Los Patrones Parkway in Orange County. This job was difficult due to the backfill restraints and tight quarters we had to work in. Sukut really appreciates the professionalism and teamwork that GeoX displayed from the top down in your organization. Sukut backfilling the precast tunnel while GeoX built and backfilled the headwalls and wingwalls was all about working together for the common goal and it couldn't have gone any smoother thanks to your tremendous efforts.

The walls were on schedule and at the price quoted with no extras....Great job!

Sincerely,

SCOTT EMERY
